

INTRODUCING THE WLH2 FIREWALL™ BAR

# Stile Series

WITH FIREWALL™ TECHNOLOGY

# A high-capacity unit for demanding environments

Engineered to deliver highly purified still and sparkling water in high volumes and flow-rate, the dispenser offers a premium but cost-effective solution.

## Purification. Performance. Stile.

The WLH2 Firewall™ Bar - Stile Series combines elegant aesthetics and hygienic dispensing. Firewall™ UVC technology ensures both still and sparkling water are purified to the highest industry standards, up to 99.9999% virus and bacteria free.
